Subject: Information for 3:00 Pacific: Gunderson TZW Confererence Call

Hi Jessica. Please send the following message (and all attachments) to the complete invite list for tomorrow's Gunderson TZW meeting.

Note:

Lora Boehlke will also be posting these files on the EPA side of the portal soon (then sending out a notification of the path to the files). Thanks! - Christine.

To support our discussion of the Round 3 Gunderson TZW scope tomorrow, I have attached a response to EPA comments on the FSP and a brief counterproposal (including a figure of proposed stratigraphic coring locations). I have also attached the cross-section images from the draft FSP that EPA has already reviewed, so we will all have them on hand for the discussion.

Thanks to everyone for making time for this meeting. I am looking forward to a productive and decisive discussion. A brief suggested agenda is provided below:

#### AGENDA

1. Briefly Review Gunderson Background Info and Draft R3 FSP 8/17/07
2. Review EPA comments from 9/20/07
3. Discuss counterproposal/response to comments
4. Resolve Path Forward and Schedule

Sincerely,

Christine.
